

REMARKS

This is supplemental to the response filed on July 5, 2005 entitled Response to Restriction Requirement and Second Preliminary Amendment. Upon review of the Response filed on July 5, 2005, Applicant noted that electronic character errors appeared in the claims reproduced in the Listing of Claims, and that claim notations with respect to claim 45 was erroneously identified as “previously presented” wherein the notation should have been “currently amended.” The present Listing of Claims is intended to substitute for the prior listing and corrects the above-noted errors.

Applicant’s election of Group II (claims 32-44, 46 and 49 to 56) in the above-identified application for examination and reservation of all rights under 35 U.S.C. § 121 to file a divisional application to the non-elected group of claims is affirmed.

Applicant further notes that claims 45, 47 and 48 mix method and apparatus categories and that claim 45, 47 and 48 are amended to be directed to an electronic device.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
